FOLD

sometime last year you answered my request for an estimate on where James was at 6 pm IV. 4. 68 and I filed it away, so I thought, properly - I remember reading the info but I cannot find the piece of paper - could you send me another piece of paper with the info that was on the first - Thankyou - also at that time $50 was all I dared part with - now it's time to do what I wanted to do then

REPLY send 250 - thank you for your help - I wanted to "prove" that the house, my house, for ever looking into this rat's nest was JFK et al research - I think pp 98-99 make it apparent, at least it reads that way to my biased eye - naturally I'm hoping someone else will catch that slant and DO something - cheerio RB

DATE: SIGNED ps when GKG VIII arrives - it fits here.
